

*Giving You the Power
to Change the World*

February 8, 2019

Mr. Scott Rynders
Vice President – West Coast Development
Lightstone Group
555 W 5th Street, 35th Floor
Los Angeles, CA 90013

Subject: 2175 Martin Ave.

Dear Mr. Rynders,

The City of Santa Clara's Electric Department, Silicon Valley Power, is the electric utility for the Santa Clara. Electric service to the above mentioned project will be provided in accordance with the Rules and Regulations for the utility as approved by the Santa Clara City Council.

Silicon Valley Power's ability to provide 9MVA of electric service to 2175 Martin Ave. in Santa Clara is conditional upon the applicant completing all electric utility development work required by Santa Clara City Code. If additional capacity beyond the 9MVA is demonstrated, SVP will provide an additional 4.5KVA power feed to this site.

Questions can be directed to Sachin Bajracharya at (408) 615-6617.

Thank you,

Sachin Bajracharya
Principal Electric Utility Engineer.
